Profile

Full Stack Developer with 6+ years of professional experience in web and mobile application development. Specialized in React, React Native, Node.js, NestJS, Express.js, and TypeScript, with expertise in building scalable, high-performance, and maintainable applications. Skilled in designing and integrating GraphQL and REST APIs, implementing cloud-native and microservices architectures, and deploying applications on AWS, Firebase, and serverless platforms. Experienced in CI/CD pipelines, containerization with Docker, automated testing, and performance optimization. Recognized for bridging frontend-backend challenges, collaborating in Agile teams, and writing clean, modular, and well-documented code. Strong focus on security, accessibility, and user experience, consistently delivering production-ready solutions from concept through deployment and long-term maintenance.

Core Skills

- **Frontend:** React.js, Next.js, Redux, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Ant Design (Antd), Styled Components, Material UI (MUI), Shadcn/UI
- **Mobile:** React Native (CLI & Expo), Native Module Integration, Firebase (Auth, Realtime DB), iOS & Android Deployment
- **Backend:** Node.js, NestJS, Express.js, REST APIs, GraphQL, WebSockets, JWT
- **AI & Python:** FastAPI, LangChain, OpenAI API, Pandas, NumPy, Vector Databases
- **Cloud & DevOps:** AWS (Lambda, API Gateway, S3, DynamoDB, CloudWatch, etc.), Firebase, Docker, Terraform, GitHub Actions, Jenkins, Serverless Apps
- **Databases:** PostgreSQL, MongoDB, Firebase Realtime DB, DynamoDB, Supabase
- **Tools:** Git, npm, yarn, Webpack, Vite, Postman, Jest, Figma, ServiceNow
- **Soft Skills:** Agile/Scrum, Cross-team collaboration, Strong communication, Problem-solving, Multilingual (English fluent, Italian conversational)

Professional Experience

Software Developer

Flutter International – Tirana, Albania | May 2023 – Present

- Developed scalable full stack web and mobile applications using React, React Native, Node.js, NestJS, and Express.js.
- Integrated RESTful and GraphQL APIs with secure authentication (JWT, RBAC).
- Implemented CI/CD pipelines with GitHub Actions and Jenkins for automated testing and deployment.
- Deployed cloud-ready solutions on AWS (Lambda, API Gateway, S3, DynamoDB) and Firebase.
- Built AI-powered features using Python (FastAPI, LangChain, Hugging Face) and vector databases.

Application Developer

Honest Solution Ltd – Tirana, Albania | Oct 2022 – May 2023

- Built modern, responsive web apps with React, Next.js, and TypeScript.
- Designed and maintained backend services with Node.js, NestJS, and Express.js.
- Improved system performance through optimization of APIs and database queries.
- Collaborated with cross-functional teams to deliver high-quality features in Agile sprints.

Application Developer

Inovacion (SNET part of Fastech) – Tirana, Albania | May 2019 – Oct 2022

- Designed and developed responsive web apps using React.js, Redux, and Next.js.
- Built secure backend APIs with Node.js and Express.js, integrating MongoDB and GraphQL.
- Deployed applications with AWS services (EC2, S3, Lambda) following SaaS principles.
- Contributed to architecture decisions for scalability, maintainability, and reliability.

Business Manager & IT (Part-time)

Cosmo Lux shpk – Tirana, Albania | Jan 2016 – Jul 2021

- Oversaw international sales operations, supplier relations, IT infrastructure, web development and support.

Credit Officer Intern

ProCredit Bank – Tirana, Albania | Jan 2014 – May 2014

- Supported loan application analysis and credit risk assessment.

Education

- **Master's in Business Informatics** – University of Tirana, Albania | 2017 – 2019
- **Bachelor's in Business Informatics** – University of Tirana, Albania | 2014 – 2017
- **Economics VAT School** – Technical Economies High School | 2010 – 2014

Languages

- English (Fluent),
- Italian(conversational)

Use Cases / Projects

- **CMS Platform:** Built a content management system with React, Node.js, and PostgreSQL supporting role-based access and multilingual features.
- **Ticketing System:** Developed a helpdesk/ticketing platform with NestJS, GraphQL APIs, and React frontend, integrating notifications and real-time updates.
- **DMS (Document Management System):** Designed a secure file management system with AWS S3, DynamoDB, and Express.js for enterprise document workflows.
- **Social Networking App:** Delivered a cross-platform mobile and web app with React Native, Firebase, and WebSockets for chat and real-time interactions.
- **ATS & HR Tools:** Implemented applicant tracking features with React, Node.js, and MongoDB, enabling resume parsing and advanced search.
- **E-Commerce & Ordering System:** Built responsive e-commerce portals and mobile apps with Next.js, Stripe integration, and Firebase backend.
- **FinTech Applications:** Developed secure payment workflows, financial dashboards, and transaction management systems with React, NestJS, and AWS.
- **Healthcare Platforms:** Contributed to HIPAA-aligned patient management tools with React, Node.js, and GraphQL, focusing on data security and compliance.
- **AI-Powered Tools:** Built chatbot and recommendation engines with Python, FastAPI, LangChain, and OpenAI API for automation and intelligent search.
